Of a tissue so capricious yet so magical—the lightning, computes fatalities, has at the dark and misty realms of thunder. And plays the prophet to a host of suns.

Codes at a bird song, wavers at a kiss. And at a hint of crimson in a flower. Grows silent.

("Mac" by Ross Edward Pierce)

While the western man is creating a new physical world, the Asiatic is looking lightly to the advances of the human race in the development of personality. The time will come, perhaps it is here now, when the West will pause to question his own wisdom, to discover that he is rapidly becoming a robot. He will recognize Eastward, as Greece and Rome and the blond tribes of the North-gated Eastward, to find that peace, even if it do not mean that states should cease to war. Economic wars are more disastrous than military wars; tariffs, and barriers are more damaging than soldiers and cannons. Racial and national hatreds are more poisonous than dum-dum bullets and gas. By peace, I mean, commitment for the individual man, I mean a way, a life, a road, the least would say, to peaceful existence. This involves a reconstruction of family relations, a revision of individual morality, a re-emphasis on human loyalty.

(George Sakelisky)

Just as there is a great number of young men who have a panicky fear of life, which they yearn for so much, there is perhaps a still greater number of elderly people who have the very same fear of death. In fact, it has been my experience that exactly those young men who are afraid of life, later suffer the most from fear of death.

(C. G. Jerng)

Health is not an individual matter; it is not even a community matter; it is even more than a national matter; it is international. For this reason, the promotion of health must be regarded as a national activity, to be

NOTE: Receipts printed in this column are selected from various persons among the World's Writers. We do not necessarily hold accord with all ideas expressed herein.

## ROCKYFORD

Mr. and Mrs. C. R. Walrod and their daughter spent last Monday in Calgary when they were present at the Victoria Arena to hear Mackenzie King and other Liberal speakers.

While out duck shooting last week Hugh Williams, Duncan Sangster, George Williams and Scotty Laing were rather unfortunate when the car in which they were riding turned com-

pletely over into the ditch on the new grade just north of the town. The occupants received some nasty cuts and were taken to Calgary where their injuries were given treatment by a local doctor.

Miss F. McLuhan spent the week end at home visiting her parents Mr. and Mrs. S. McLuhan.

Mr. and Mrs. E. Wilson entertained at dinner on Wednesday evening last week, which was followed by bridge.

Leo Lawrence is the winner of a 1935 Dodge sedan car. The draw was made at Medicine Hat.

We are sorry to hear that Mrs. Roberts was injured in a fall down the basement steps. We wish her a speedy recovery.

HON. ONESIME GAGNON, K. C. Who has been appointed Minister without portfolio in the re-organized Bennett Cabinet.

SAMUEL FACTOR

## MOTOR ASSOCIATION WARNS DRIVERS OF CARBON MONOXIDE

At this season of the year and later on, motorists are urged by the Alberta Motor Association to give great attention to car driving pre-

cautions. Not only should the driver avoid skidding or other causes but he also should be mindful of the deadly carbon monoxide fumes that lurk in some cars.

Each year, often beginning with the fall, several hundred people in Canada and the United States lose their lives from carbon monoxide in their cars. Alberta is on the list which shows the heavy toll all over this country annually.

Twice as many occur as the result of a car being operated within a garage with closed doors, often unintentionally.

When a test was held recently it was found that approximately one-half of the vehicles contained varying

quantities of carbon monoxide. This amount, as a warning to all, as the presence of any carbon monoxide in the car is clear proof that a defective condition exists.

The Alberta Motor Association urges that car conditions should be checked in order to eliminate such hazards as carbon monoxide. There should be a periodical examination of the entire exhaust system with immediate replacement of leaky gaskets or connections, together with a similar inspection of floor boards and bulkhead.

### DOMINION ELECTION

Monday next Canadian voters will cast their ballots in an election, the winning party of which will guide the destiny of Canada for the next five years.

The seriousness in conducting our franchise is thus very forcibly brought home. Anyone who votes in any other than the most thoughtful and responsible manner, should not despise the sacredness of their franchise.

The issue is not as clear cut as it seemed three months ago. The Manicouche Guardian, a paper in the position of an outsider, looking calmly on, predicts that no party will have a majority sufficiently strong to form a government, and that coalition must be set up. From a nearer view each party now is optimistic. Canada needs the utmost in practical, beneficial legislation to develop the country to the full extent of the possibilities which are here. Practical progressive legislation will do much to restore better times, and bring work and opportunity to hundreds who are now unemployed. Both Leaders are pledged to do this. Vote for the one you feel will go farthest.

### LANGDON

Mr. and Mrs. V. Colwell and little son of Olds, visited his brother J. J. Colwell and family over the week end. Mr. and Mrs. W. Smith of Olds are visiting friends in and near Langdon.

Alleen Brauder had the misfortune to fall down the cellar stairs last Thursday. She broke her ankle.

The School Fair postponed from September 18th was held October 2nd. The attendance was small, and the exhibits not nearly as many as formerly. Everything shown was of good quality and the judges were well pleased. The Women's Institute had charge of the refreshment booth, serving hot cocoa to all the children.

All the vegetables were kindly donated to the Institute who sent them to the Junior Red Cross in Calgary. Bill Catlin visited at his home in Lethbridge this week end.

Public services were held at the United Church Sunday. On Oct. 12th a group of young people representing a Youth Movement from near Calgary will conduct the evening service at 7:30.

Langdon welcomes Mr. and Mrs. R. Anderson and family of Arrowwood, who are now living in Mrs. E. Grew's house. Bob is running the Barber shop.

His many friends are glad to hear that Mr. S. V. Wilson who has been confined to his home for several weeks, is feeling a little better.

### NAMAKA

Mrs. Stanley Gust and small son Walter arrived Monday from Polant.

A record crop of barley and oats on

the Peterson farm is reported. Barley going 75 bushels per acre and oats 85.

Sunday School commenced on Sunday last with a good attendance. Mr. Gilbert took charge. If the congregation continues to grow more seating accommodation will be necessary.

Mr. and Mrs. R. B. Huk accompanied by Mr. and Mrs. Harben were visitors Sunday.

Don't forget the dance on Friday October 18th. A good time is assured.

Threshing in the district will be almost completed at the end of the week.

### BAINTREE

Mrs. D. Watson had her mother for a short visit.

The U. P. W. A. held their regular meeting at the home of Mrs. Emily Lambourn on Wednesday Oct. 2nd. At this meeting the ladies decided to hold a dance and draw on Nov. 15 at Nainburg. Be sure and keep the date open.

Mr. and Mrs. May had as their guests on Sunday Mr. and Mrs. Don Murray of Irricana.

Mrs. Jacobs and Mrs. V. Moran were visitors at the home of Mrs. May on Thursday.

Mr. Edgar reports an excellent crop of oats yielding about 60 bushels per acre.

Mr. Win Bullas is now putting the Setter pups he has been training into actual work.

Mr. Sam Slater is working as a second man in the A. P. Elevator at Hamlet.

Miss Mena Longbottom has been helping Mrs. W. A. Lyons during threshing.

Threshing is halted for the present due to weather conditions. About 75 per cent is completed.

### THE SHORT SELLING BOGEY

That the August future came to a close on Saturday last without any particular excitement in the market and with no material rise in price is a matter of general interest because of the representations made last fall and since repeated at intervals, that there had been heavy short selling in an attempt to break the Winnipeg price. It was always improbable that any speculators would sell heavily in this market because the holding of the government agency had established a virtual corner. When the charges were first made, the Winnipeg Grain Exchange conducted an enquiry and reported that no evidence of a large short interest existed. Nevertheless, the charge has been reiterated at varying intervals.

## Conservative Association G. M. Blackstock, Candidate TO THE ELECTORS

The Conservative Government, under the leadership of Mr. R. B. Bennett has rendered conspicuous service to the people of Western Canada. The Farmers' Creditors Arrangement Act has proved to be an important factor in the readjustment of the liabilities of the Western farmer. In spite of the bitter criticism and opposition of Liberal politicians and the Liberal press the Conservative Government has supported the wheat market and protected the Western farmer against the operations of wheat gamblers on the world's markets. The Conservative Government has stood squarely behind Western Canada. We ask you to stand by the Government that has protected and conserved your interests.

## VOTE FOR G. M. BLACKSTOCK CONSERVATIVE

### STRATHMORE HIGH SCHOOL SCHOLARSHIP

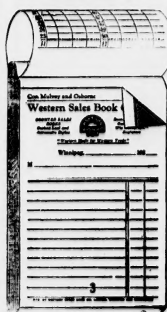

This fund was established in 1930, following a recommendation in the Principal's Annual Report, that some effort should be made to assist worthy students of the Strathmore High School to proceed with their studies following graduation. It was hoped to raise \$1000, the interest on which might be used to furnish an Annual Scholarship. This was found impossible. However it has been found possible to award a Scholarship of \$50 annually and it is now hoped that this policy may be continued.

The awarding of this Scholarship has been largely due to the generosity of local organizations and the President of the Canadian Pacific Railway—Mr. E. W. Beatty. The students of the High School have also helped in raising funds by means of extra curricular activities.

The recipients of this award have been:—  
1931—Norman Ellis, Graduate of the Calgary Normal School.  
1932—Louane Bower, Graduate of the Calgary Normal School.  
1933—Isabelle Drummond, Graduate of the Calgary Normal School.  
1934—Jack Van Tighem, Undergraduate at Campion College, Regina.  
1935—Frederic Ridley, Undergraduate of University of Toronto.  
The members of the permanent committee administering this fund are:—  
(1) The Mayor, (2) The Chairman of the School Board, (3) The School Principal.  
We believe that this is the only small High School in the Province which has established a fund for this purpose.

The following conditions govern the awarding of the Scholarship:  
(1) All winners must proceed to some Vocational or Professional Educational Institution within twelve months of the award.  
(2) Any applicant proceeding to any other High School will not be eligible for the award.  
(3) The Committee in charge reserves the right to withhold the awarding of the Scholarship in any year.  
(4) All those who may be eligible for the 1936 Scholarship must notify the Principal before 15th May, 1936.  
(5) The award if any will be made by the Committee in September 1936.  
(6) Awards will be made on the following basis:—  
Scholarship—40 Per Cent.  
Character—25 Per Cent.  
Outside Activities—20 Per Cent.  
Special Circumstances—15 Per Cent.

## WINNERS!

Wheat growers, as individuals, are help-  
less.

They require a strong and courageous or-  
ganization to give aid when most needed.  
The Wheat Pools have been the con-  
sistent supporters of the growers' interests.

The Pools have reduced costs, narrowed  
spreads and shown the way for fair and  
equitable dealings.

The Pools have borne the brunt of the  
battle against ruinous price levels.
